COINAGE AT THE MINT. - According to the following table it will be seen that work has been somewhat active at the Mint during the month just passed. The following are the returns for Feb-

Tun Trees Bred.-A semewhat lively discussion occurred yesterday in the House when the Senate bill was introduced relative to appropriating money to perfect the title to the State Prison. After the bill had been read Everett moved its rejection and Sawtelle amended by moving to indefinitely postpone. The amendment, however, was voted down, and the bill now somes up on file.

sofs cushion at the Presbyterian fee tival, Considerable interest was manifested in the result, and the successful young lady had more than four hundred votes. Each vote represented twenty-five cents.

The Sheriff fee bill was yesterday stood by the Governor. The Assembly voted by the Governor. The Assembly voted by a large majority to pass the bill notwithstanding the objection, but the Benate sustained the vote.

PRINCER MEETING .- From the News we learn the arrangements which have been made for the trip of the Pioneers from Virginia and Gold Hill to Carson, W. D. C. Gibson of Gold Hill with the assistance of Assemblyman Babcock has made arrangements with Babcock has made arrangements with Superintendent Yerlagton, for two passenger coaches to convey the members of the Society to the meeting on the 7th of March. It is not yet determined just where the meeting will be held, but probably in the Senate Chamber. The cars will leave Virginia with the regular passenger train at 6, r. x. and leave Carson on the return at 4, o'clock the next morning. Mr. Gibson will act as conductor, ticket agent, and master of transportation. The fare for the round trip will be assessed according to the number of pagticipants, and will not probably amount to over two dollars at the outside. The Carson members of the amount to over two dollars at the out-side. The Carson members of the society are making elaborate prepara-tions for the reception, meeting and suitable entertainment. The delega-tion from the Comstock will be a large one, and everybody will have a jolly good time.

The Legislative ball last evening was very largely attended, and every one enjoyed the music and dancing. Owing to there being a night meeting both in the Senate and Assembly, the rooms were not crowded until an adjournment of the Legislature had taken place, and then the best of order prevailed. The music was of the very best, and the sup-per was such as to satisfy the taste of the most fastidious gourmand of the day. the most fastidious gourmand of the day.

One of the accompaniments of the session which will benceforth be most missed by the amusement seekers of Carson will be the discontinuance of these Arlington Club balls. They have been deservedly patronized during the last two months, and the officers are to be congratulated on the result of their efforts.

In no sort of an entertainment is there more real fun and enjoyment for the people than in a grand masquerade ball. In Virginia they have had one with great success, and the result was such that another will be given in the early future. Why not have a similar one in Carson? The necessary costumes could easily be obtained, and the affair would be one of pleasure to all. In the South every year the people have carnivals in the princi-pal cities, these are engaged in by the very elite of society, and the same are mothing more than a masquerade party on a somewhat extended scale.

Stocks are still down and the long expected rise has not yet come to pass. When the Legislature adjourns and the people have time to quietly regard the situation, a very hopeful outlook can scarcely be expected. There are many things which cannot be understood by the average man, and one of these is the present low price of the bonanza stocks.

It will soon be time to take down the Tilden and Hendricks banner, and then the last vestige of the campaign will have disappeared from the streets. These gentlemen have looked down on Carson street for a long time in the past, and the absence of their photographs will be a source of grief to all.

The question just now agitating the minds of the Legislators relates to the Governor's action on the compromise bill. Some say his veto will be given, while others deny that he will take so great a responsibility upon himself. The result is looked for with interest.

Innumerable are said to be the applica tions for the Superintendency of the Sierra Nevada Mine. Johnny Skae says the lucky man has already been ap-pointed, but does not desire to make the name public yet.

The Chinese queue bill has been killed in the Senate, and the bill to prevent the removal of Chinese bones has met a similar fate in the Assembly. In both cases the action of the Legislature was just and

Elko county over in the Legislature has been named the "New Jerusalem" of the State, and the Reno prison is appropriately termed the "Colesseum."

One of the Senate amendments to the appropriation bill was the increase of the item for the State Prison from \$150,000 to \$175,000.

The city government of Gold Hill was at the Capitol yesterday mrking a warm fight with Piper on the revised charter

Binds,—The swallow, swift and night-hawk are the guardians of the atmosphere. They check the increase of insects that otherwise would overload it. Woodpeckers, croopers and chickadees are the guardians of the trunks of trees. Warblers and flycatchers protect the foliage. Blackbirds, thrushes, crows and larks protect the surface of the soil, snipe and woodcock the soil under the surface. Each tribe has its respective duties to perferm in the economy of nature; and it is an undoubted fact that, if the birds were all swept from the earth, man could not live upon it, vegetation would wither and dle, insects would become so numerous that no living thing could withstand their attacks. The wholesale destruction occasioned by the grasshoppers, which have lately devastated the West, is undoubtedly caused by the thinning out of the birds, such as groune, prairie heas, etc., which feed upon them. The great and inestimable sevice done to the farmer, gardener, and floriet by birds is only becoming known by said experience. Spare the birds and save your fruit. The little corn and fruit taken by them is more than compensated by the vast quantities of noxiou-insects destroyed. The long persecuted crow has been found by sousal experiences number of grube and insects he devours than the little harm he does in a few grains of corn he pulls up. He is one of the farmer's best friends.

Is is reported that Thomas Pitch is about to settle in Prescott, Arizons, as attorney for the Southern Pacific Rell-

LITTLE TODDIE.

(Charles Burnbam Habberton, aged 5 years, died suddenly in Brooklyn on the 31st of January. Little Toddie was known and loved through all the land as the youngest of "Heien's Balics."

Is it bright with Summer gladness, Toddie dear; Is there nowhere any sadness, Toddie dear,

In that land of pleasant mountains.
Crystal rivers, silver fountains.
In that home to which you hastens
From the home by sorrow chaster
Joylean here?

Do the seraph bands surround you,
Teddle boy?
Do the angels gather round you,
Toddle boy?
Do they keep your heart from grieving
For the mother you are leaving,
For the unother who is groaning
With a broken-hearted moaning
For her boy?

III. Yes, we know that love upholds you, Toddle dear; That a wondrous love enfolds you, Toddle dear,

With an infinite aweet pity.

In that shining golden city
Little ones are crowned with blessing,
All the Savior's care possessing,
There as here.

But we loved you very dearly, Toldie boy, And we held you very nearly, Toddie boy!

Many, many tender mothers,
Little sisters, little brothers,
Would be sorely grieved in spirit,
But they know that you inherit
Peace and joy.
—Peieg Arkwright.

MAN KILLED IN BELLEVILLE,-A correspondent of the Borax Miner says that on the 23d, Dan. Coughlin came | OREATLY RED:UC EID FIGURES. to the Delta saloon in Belleville with a shot-gun and threw the front door open, and killed Win. Grover by firing the contents of the gun into his back while the latter was entering the back room of the saloon. Grover fell forward on his face, and when the proprietor, John Nelson went to his assistance, he had expired. Coughlan went prietor, John Nelson went to his assistance, he had expired. Coughlan went direct to the Justice's office and gave himself up to the coustable, and is now in custody. These men had a fight a few days previous, and it is thought some threats made by the deceased led to the shooting.
